

## 2016-2017 Services and Additional Pricing List

### Add-Ons

Please Note: All prices are subject to change upon a contract agreement.

We aim to accommodate your specific project needs with our add-on services.

Additional standard web pages past 5 up to 10 \$90 per page

Additional standard web pages past 10 \$75 per page

Online store page with up to 10 products \$75+per page extra

Blog Page Set-up \$60+extra

Customized Contact Form \$75+ extra

Customized WIX Template (client completes content) \$400+

Photography for Website \$60 per hour minimum

Image Procurement for Website (Outside Wix) \$60 per hour

Copywriting and Editing \$60 per hour

Website Training/3-hour \$60 per hour/\$150

Website Maintenance/3-hour (15 minutes/month) \$60 per hour/\$150

Website Maintenance/6-hour (30 minutes/month) \$60 per hour/\$288

Deep-Scrolling Web Page Section counts as a page

Complex Domain/Email Configurations May refer to another service

Not Included in the Custom Web Design Package:

The client pays for WIX annual hosting separately. For most websites, we recommend the Unlimited plan for \$168/year. Go to [wix.com/upgrade/website](http://wix.com/upgrade/website) for all plans. The client must purchase the domain either through WIX or another domain registrar; a domain is free the first year with most WIX plans. Private domain is \$9.99 extra.

## WIX Web Maintenance & Training Packages

Website Maintenance By the hour, 3 hours, or 6-hour, worry-free plan.

What's Included:

- Making website back-ups
- Checking all apps, buttons, and links to ensure they are working properly
- Checking all text and element alignment on both desktop and mobile
- Checking for missing elements and apps
- Testing search engine optimization
- Ensuring that a domain is connected properly and up to date
- Making quick edits (typos)

What's Not Included (billable by the half hour):

- Major edits and revisions to site (if not part of a website building package)
- Client consultations and trainings (if not part of a website building package)
- Customized instructions
- Project management
- Conference calls

Website Training What's Included:

- Teaching client how to edit text
- Teaching client how to edit images and grid galleries
- Teaching client to fix text and element alignments
- Teaching client how to save and publish work
- Teaching client how to make site duplicates
- Teaching client how to go back into site history if s/he has lost work
- Teaching client how to add blog posts
- Teaching client how to add dynamic content (e.g. calendar, list, and testimonials)
- Teaching client how to add products and product options to WIXStore.
- Teaching clients how to manage booking tools

We will keep track of all maintenance and/or training hours and will contact you if you are about to use up your allotted time. Hours may be rolled over into the next year. Packages are payable in advance via check or PayPal. We can customize a maintenance/training package.
